White Bear Center for the Arts

Invites you to the

LAND-MARKERS EXHIBITION

21 JULY - 29 AUGUST 2014

RECEPTION: FRIDAY 25 JULY, 6 - 9 PM

In this exhibition, artists (past and present) from the Land-Markers drawing co-op will present their work. This exhibit features art produced by our members in their specific disciplines along with examples of work done in our life drawing sessions. The members will share their life drawings and thoughts on life drawing in a 7 pm group discussion at the evening reception.

The Land-Markers drawing co-op began meeting over forty years ago under the auspices of the Museum of American Art in the historic Landmark building downtown St. Paul. When the Museum closed its doors in the 1990's, WBCA provided the co-op with space to continue their drawing sessions. Now, in the new White Bear Arts Center, we happily continue our weekly sessions during the academic year.
